## View From the Bridge

by Mary Matakovich,  
Commodore

**A** hoy Mates!  
Well, it's Back-to-School we go. I can't believe the summer has flown by and we are now in September. We sure packed-in a lot of fun in August. As I look back on it, we really have a remarkable club, full of people involved in a variety of activities and willing to "make things happen" for the club!

Congratulations to **Dennis Dempsey** and **Marty Fuller!** For accomplishing the fete of remodeling our two bathrooms, bringing them up to 2017 style. It is such a relief to have a fresh look in these rooms along with a brand new floor. Just right for our membership's pleasure. When you see them, please thank them for a job well-done. It took hundreds of hours to complete this project.

Board Meeting Challenges: We are in the process of reviewing our Constitution, Bylaws and Rules. Thanks to **Melanie Cleveland** and her committee, **Chris Barrett**, **Lettie Fuller** and **Ron Pigeon**, the Board discussed several items for proposed changes: membership requirements involving dues and service, child application for membership, and responsibilities of Board members. We plan to finalize our recommendations at the September meeting to be ready to propose the possible changes at our General Meeting, November 3. Other topics discussed were: the proposed 2018 calendar with a review of the posted activities as we are not

getting members to sign-up to cover what we have posted this year, and the need to request members to give permission to have their image posted on our club's media (i.e., newsletter, website, Facebook page.) I asked **Michael Dobrzensky** to post our meeting's agenda a week before our Board meeting. Please read it over and join us for our discussion on these and more topics.

Bravo to **Barbara** and **Bob Rollins!** They put on a wonderful brunch after much "back-and-forth" communication due to the lack of volunteer sign-ups for the meal. We had plenty of people (sold-out) who wanted to attend. Just did not have a full crew. Board members stepped up and we were able to celebrate a beautiful day at the beach, thanks to Barbara and Bob.

Wet Wednesday had a nice gathering of members. Chef **Tina Solomon** (photo on right, seated) and her crew served exquisite salads with BBQ chicken. Again, another full house

Four-time Zongo Cup winner Jeff Stewart.

Zongo Cup second place winner Simon Smith.

with some members helping out. "SLO Sloop" was again out on the water with **Dick Swisher** at the helm.

Zongo Cup—hats off to our sailors, **Jeff Stewart** (1st Place overall), **Simon Smith** (2nd Place)! Lots of preparation went into this race: 15 boats, three paddleboarders, one kayak and one wave runner. **Kristin Rasmussen**, **Jim Gilletly** and I met with the MBYC

officers to chart the course Monday evening. Then, we attended the Friday Reception hosted by MBYC. I was glad

Two "guest" Pirates, Shuttle Driver Mary Matakovich, Pirates Tim and Susan Waag.

to have our members, **Susan and Tim Waag** represent us in their Pirates' attire. I am thankful too for their transformation of the club Saturday all set for the Pirates' Brethren. **Bob Cazier** welcomed the sailors into our port and I was responsible to shuttle them to our club.

**Barry Stewart** hosted the after-race event at the club. Thanks to **Nancy Stewart** there was plenty of ribs, chicken, etc. for everyone. We did have one snafu — the Chase Boat pooped-out. Luckily, **Richard Scangrello** was bar hosting and offered his boat (photo on right) and services to shuttle the stranded sailors to and from the harbor. Richard saved the day and our club's reputation! Time to get our Chase Boat back in the water; so, more money into that boat. Sail Fleet Captain **Kristin** had to postpone the races until September when we can be assured of a working Chase Boat; good thinking!

Bar Hosts, **Joan** and **Ron Perkins**, **Brady Moore** and **Ellie Ross** welcomed members to our Friday Social. Our wish of an Endless Summer was fulfilled by **Kathy** and **Richard Zacky** assisted by **Laura** and **Pat Mullen** serving a turkey tenders BBQ, specialty beans, coleslaw and bread topped off with ice cream

Joan and Ron Perkins, Brady Moore and Ellie Ross.

Laura Mullen, Kathy "Head Chef" Zacky, friends of the Zackys and Richard Zacky- "Assistant Chef - Specialty, the BBQ".

bars. Ken and Barbie were at each table too watching the movie throughout the evening with us. Oh to be a kid again!

Staff Commodore **Ray Mattison** (above) welcomed eight members of the Port San Luis Harbor District to our dinner. They were thanked for their service to the community and to our club.

Lots of action going on at the Port: possible signing of the contract with Red Tail Acquisitions for Harbor Terrace (years in the making), update on the ordinance for dogs/animals on the beach with the focus on Fishermen's Beach and Coast Guard Beach and Friends of Avila Pier Board are looking for new members to help fundraise for the pier's rehabilitation.

On a final note: Remember when someone asks a favor of you and you say, yes! And just do it. Sometimes something happens great to you as a result. This happened last week when Barry called me to meet the refrigerator man at the club for a quick service. I wasn't there; so, my husband, Pete, went down to let him in. On his walk to the club, he noticed humpback whales right at the buoy line. For the next hour or so, he got the show of his life looking right off our yacht club porch, while the service man fixed the refrigerator. Good things happen sometimes when you do good things. Enjoy your participation on our club activities and provide service. Good things happen.

My best to you, always,  
- Mary 🍷

## Vice Views

by Chris Barrett,  
Vice Commodore

Yacht Club races and other regattas around the state. The Zongo Cup is always a good time as soon as the racers drop anchor in San Luis Bay. Speaking from experience, it can get pretty windy and wild once the boats turn southeast at Point Buchon. The sailors who race down 20 miles of our coast have my respect. The club is being visited by many members during these warmer months. It's important to please clean up after yourself and your guests so that all members share a well-kept clubhouse. The Club social events are being well attended. I want to thank our members who put on these events and do their volunteer duty. We still have opportunities to support

**A** hoy! The summer season is well under way with a full head of steam and I've been lucky enough to compete in several

events in the coming months. Feel free to contact me if you need help signing up on the “TimeToSignUp” web pages.

I'd like to mention that our friends at Hobie Fleet 259 have donated an Automatic Sailing Race Starter. This will be used by our Sail Fleet Captain in conducting the ocean and lake races. The Race Committee will now have an electronic

system to help them make sure the races are started in a consistent manner that complies with our overarching racing rules, the US Sailing Rules of Racing. We send a big thank you to Hobie Fleet 259.

*See you on the Water!*  
—Chris 📍

## Fleet News

by Kristin Rasmussen,  
Sail Fleet Captain

schedule days of racing are now September 10th, September 24th and October 1.

If you don't want to miss a great way to volunteer for your club this year, we are still in need of race committee volunteers for those dates. Go to the website's 'Time to Sign Up' calendar or contact me directly at [fleet\\_captain@slyc.org](mailto:fleet_captain@slyc.org) or 805-471-7127.

*Happy Boating,*  
—Kristin 📍

**H**ello Members,  
A very big thank you to Michael Dobrzensky (see article below) for doing a fabulous job in my stead for the August 6th races. Thank you to **Reid Hester, Shannon Donahue, Ken San Filippo** and **Lindalee Fromm** for their work on the race committee.

This group did such an amazing job they were able to get in five races on that day. **Darrel Rundstrom's** and **Adi Ringer's** “Allegra” was the winner of the day tightening up the chase for the 2017 Avila Cup.

We had to reschedule the second August race to September due to needed repairs to the chase boat so our final three

I filled in for Kristin to run the August 6th races while she was enjoying Seattle. She will be back for the next races on August 20th.

We had a great day, nice weather, winds, etc. A big part of the credit for having a good day goes to the volunteers who helped: **Lindalee Fromm** and daughter **Jeanne Bozzano, Reid Hester & Shannon Donahue,** and **Ken San Filippo**. Thank you, thank you.

And of course the day wouldn't be complete without the competitors: **Adi Ringer/Darrel Rundstrom** “Allegra”; **Doug Anthony** “Sea Symphony”; and **Simon Smith** “Diligence”. The Monohulls had the ocean to themselves because the Multihulls were racing at Huntington Lake.

**Darrel Rundstrom/Adi Ringer** unveiled their new, low tech racing weapon: — A CLEAN BOTTOM. Apparently their bottom had not been cleaned in over a year and a half. This appeared to help “Allegra” to win 4 of 5 races.

Competition between “Allegra” and “Diligence” was very close as depicted in the accompanying photo (which also shows the red streaks of the algae bloom.) In race 2, they crossed the finish line one second apart. “Sea Symphony” came in 2nd in race 1. A fun day of racing.

—Michael Dobrzensky 📍

## Rear Commodore Report

by Barry Stewart,  
Rear Commodore

A hoy SLYC Members. I hope you are having a good year on and around the water, whether its cruising, racing, day sailing, fishing, diving, surfing or just watching the ocean from our deck. Your club board truly works hard to make your nautical and shore side experiences worthwhile.

The local ocean is trending a bit colder this year and we have had a red/brown plankton bloom move in and out of the bay, we also have had a few feeding whales visit and the attendant sightseer traffic jams. Squid, white sea bass and halibut made a showing on the “fish front” finally, but the fish appear dispersed now. Tuna have been sighted at long range but warm water is still far from our coast.

“Slo Sloop” has another participating club sailor, **Richard Strachan**, welcome Richard. Lets keep the signups going.

Thanks to member **Gregg Jackson** we have a new garbage disposal in the main sink and a cleat and line to hold up the lid to the chair enclosure. Good place to demonstrate your belaying skill inside the clubhouse also very Nautical.

You could likely hear a bit about the annual Morro Bay to Avila Race (A.K.A. Zongo) and the “pirate party” reception

we hosted for sailors. Members **Tim** and **Susan Waag** and volunteer **Barbara Burns** spearheaded our conversion of the club to a pirates den theme. **Jim Gilletly**, **Kristin Rasmussen** and **Barbara Crawford** facilitated the welcoming snacks and food. Four-time cruising class winner **Jeff Stewart** manned the pirate punch station, **Sandra Nielsen** decorated and headed the main bar assisted by **Jerry Crawford**. “Slo Chase” was welcoming and guest shuttle boat, manned by members **Bob Cazier** and costumed pirate and club secretary **Melanie Cleveland**. Vice Commodore **Chris Barrett** was in attendance as a Pirate and **Commodore Mary** ran the land shuttle for sailors from the PSL landing to the Club. Member **Richard Scangerello** providentially came to our aid with his commercial salmon fishing boat “Morning Wood” as emergency evening water taxi when the chase boat developed a problem and we needed to get visiting sailors back aboard their boats after the awards ceremony. Thank Richard if you see him.

Club Member and intrepid Avila Cup racer **Simon Smith** captured the second place trophy in the highly competitive PHRF racing class with his Dufour “Diligence”.

Slyc presented a special award, the “rumrunner bottle” to the boat that brought the most mariners and also a small consolation prize to the last boat to complete the race.

Our annual channel island cruise is scheduled for mid September, try and get yourself aboard a vessel or perhaps tow one down south or even maybe charter one. The attendance at this event tends to vary with immediate weather forecast but we hope to have some activities all will enjoy. Contact Cruising Captain **Lettie Fuller** for details as time nears.

*Nautically,*  
—Barry 🚢

## From the Treasurer

by Ron Pigeon,  
Treasurer

A hoy SLYC Members. This month I am pleased to announce that the Board of Directors has created a new Staff position to assist the Treasurer in his/her duties. We are referring to this new staff member as our Purser. Among other duties, the Purser will regularly collect and deposit in the bank all cash receipts from Club activities, ensure adequate change is available in the safe prior to Club functions, and assist with paying our bills and invoicing for dues. The Treasurer will continue to be responsible for reconciling

the bank accounts, preparing the annual budget and financial reports for the board, attending board meetings and providing accounting data to the Club’s accounting firm (for their preparation of all tax returns). In addition to taking a considerable portion of the day-to-day workload off the Treasurer, I believe this restructuring of our financial activities will provide significantly better internal control over the Club’s financial assets through segregation of duties. My hope is that, in the future, this will encourage more members to consider volunteering for one or the other of these two important financial positions in the Club. And **Angela Brokaw** has graciously volunteered to serve as our first Purser, for 2018 and the remainder of 2017! Please join me in thanking her for her service to the Club!

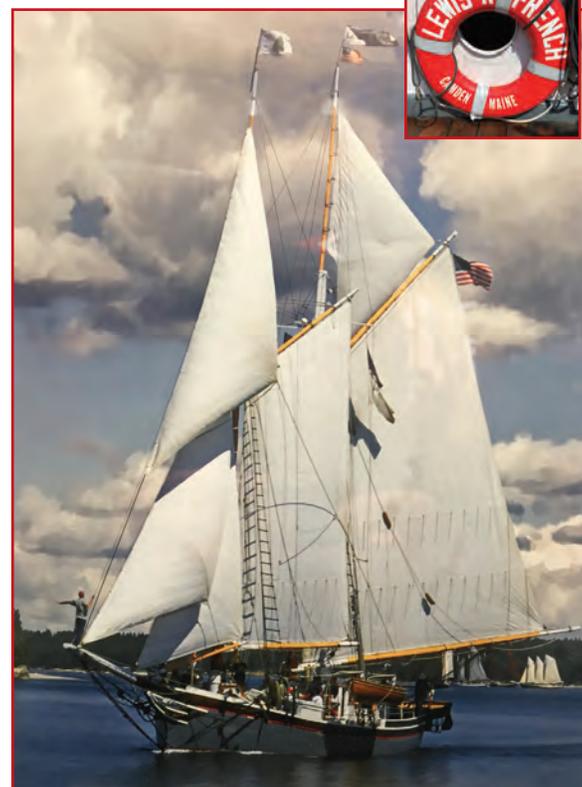

SLYC Purser,  
Angela Brokaw

—Ron 🚢

# Lewis R. French - America's Oldest Windjammer

*Club members John Duffy and Donna Ellison recently cruised on the Schooner Lewis R. French that is homeported in Camden, Maine.*

## A Little History

Built by the French brothers and named for their father, the schooner Lewis R. French was launched in April, 1871, in Christmas Cove, Maine. She is the last schooner remaining of thousands built in Maine during the 19th century. Due to some luck and love, the French has carried an assortment of cargoes for various owners around the Northeast for over 130 years! She freighted bricks, lumber, firewood, granite, fish, lime, canning supplies, Christmas trees, and now people.

She worked hard carrying freight until 1971, when she then spent 3 years being rebuilt for the passenger trade. Much of her hull was renewed with massive timbers of oak, pine, and fir. She still looks, feels, and sails much like she would have the day she was launched, and the French boys would be proud to see her sails drawing as she heads Downeast.

The French was proudly named a National Historic Landmark and has a large following. From folks that have sailed on her as a windjammer to old-timers who remember her when she carried freight, the French has touched many people. It is a truly unique experience to sail on a vessel that has been active since shortly after the death of Abraham Lincoln!

## Today

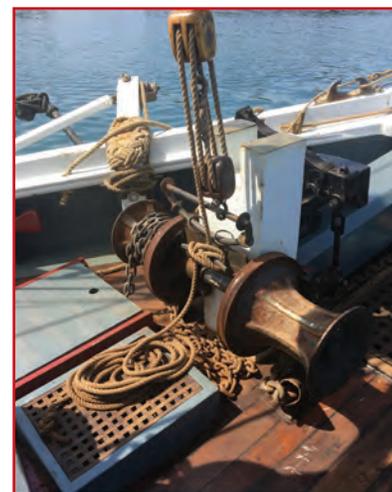

The French is still operated much how she would have been during the age of sail. She has no inboard engine, relying on 3,000 square feet of sail to propel her. She has four lower sails and two topsails. If the wind dies, a push from our yawlboat "Greyhound" will help her along. All the sails are still raised and trimmed by hand, and the anchor is manually raised each morning using our windlass. There are no engines

on deck or below to spoil the serenity. The French is 101 feet overall, 65 feet on deck, with 19 feet of beam. She draws 7.5 feet with a full keel. A proven vessel in all conditions, she is a nifty and quick sailor, having won the Great Schooner Race many times. The French has also participated in recent Tall Ships gatherings in Boston.

The French is inspected annually by the U.S. Coast Guard, is outfitted with modern navigation equipment such as VHF, GPS and radar, and is in top-shape.

If you would like more information about the Lewis R. French, visit the web page: [schoonerfrench.com](http://schoonerfrench.com).

—Donna Ellison, Foghorn Editor 🍷

## Upcoming Events

### Wet Wednesday - September 13

Sailing season is now upon us. For the time being, Wet Wednesday sailing will be on an informal basis. Members who have boats in San Luis Harbor and wish to participate in Wet Wednesday Sailing, should contact other club members for crew. "SLO Sloop" is available for certified members.

Wet Wednesday-September 13

🚢 COME JOIN US ON THE WATER 🚢

- 🚢 On the Water 4:00-5:00pm
- 🚢 Happy Hour 6:30pm
- 🚢 Light Dinner 7:00pm

Mardee Whitehouse and Ann and Steve Hansen will prepare a light dinner to accommodate sailors on the water.

Jeff Bucher - Director

### Central Coast Aquarium Dinner - September 9

### Apple Festival Gala Dinner - September 23
